# How To Request Publications

The Department of Agriculture provides many services of direct benefit to the public. One of these services is the free distribution of a large variety of popular publications for the farmer, suburbanite, homemaker, and consumer. They are listed in this booklet.

You may request single copies of up to 10 different publications free. Use the order blank at the back of this list. Be sure to print your name and address clearly. Please order by using only the letter and number following the title of each publication you desire. For example, the Farmers' Bulletin "Beef Cattle Breeds," should be ordered using the designation F 2228. Please list publications numerically under each letter symbol.

It is sometimes possible to obtain bulk quantities of publications free from your representative in Congress.

Extension Service workers should order publications through their State publications distribution officer. Students should apply through their teachers, who may receive limited quantities of publications for school libraries.

Schools, clubs, and other organizations may purchase bulk quantities of publications from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Prices are available from that office.

Send single copy request to:

U.S. Department of Agriculture  
Office of Governmental and Public Affairs  
Publications Division  
Washington, D.C. 20250

The *Consumer Information Catalog* lists more than 200 selected free or low-cost publications developed by more than 24 Federal agencies. For a free copy write: Consumer Catalog, Pueblo, Colorado 81009.
